"Beautifully illustrated and colorfully cryptic." — Ken Jennings

Where Art, Language and Humor Meet.

Every page features a single, unexpected two-word phrase presented as its own colorful composition. Blending typography, humor and imagination, these collectible books invite readers to slow down, smile, and discover new connections. Created to be displayed as proudly as they are read, each volume is as much a conversation piece as it is a book.

Colorful, whimsical, collectible full-color coffee table books printed on premium paper.
